Dear Father,

Hope you are well along with mother and grandfather. My friends have planned to visit Dalhousie this Sunday. I want to join them. We have a program of two days in Dalhousie. We will go there with full safety and will not do any mistakes. We have reserved a hotel. We will stay in that hotel, but, to go there I want your permission as you are elder than me and you will give the right decision, what is right.

Yours lovingly

Mohit

2. You are Saket. Your friend Subhash has not been performing well in his studies. You tried your best to know the reasons of his poor performance. One day he tells you about the poor financial condition of the family. Now he is making a plan to take up a job in a factory instead of continuing his studies. Write him a letter, persuading him to carry on with his studies.

HINTS

- your reaction on learning this fact
- requesting him to rethink
- scholarship facility available
- can take up private coaching : learning and earning

Dear Subhash,

I got your letter yesterday. How nice of you to remember me after a long time! When I got to know that you are not continuing studies, because you performed poorly, I was very shocked. You want to become a doctor, but now you want to work in a factory. I collected reasons and got that you are in tension due to poor financial condition. So, I suggest you to rethink and study to give scholarships and get some money. You can also take tuition of students or coach them and earn money. Don't waste a single minute, study and perform better.

Yours lovingly,
Saket
