

so people were walking towards  
the theatre

Look at the survey sheet given  
below. AS these question to  
give people and record their  
responses as yes/no.

Q1. Do you reuse plastic bottles at  
home?

Response-1      response-2      - Response-3

Yes

Yes

Yes

response-4      response-5

Yes

Yes

Q2. Do you use ~~plastic~~ plastic utensils at home?

A- Response-1      Response-2

NO

NO

Response-3      Response-4

NO

NO

responses of five people.

1. All the five people said that they never reuse plastic bottles at home.
2. All the five people said that they never use plastic utensils at home.
3. All the five people said that they never dispose of candy wrappers or food packets on the street.
4. All the five people said that they reuse pickle / jam jars at home.

## Writing Junction

In this chapter, we read how plastic is recycled. According to surveys done worldwide, tons of plastic is used every day all over the world. Surveys are examinations done on a topic by asking people their opinions on it.

Look at the survey sheet given below. Ask these questions to five people and record their responses as yes/no.

Questions	Response 1	Response 2	Response 3	Response 4	Response 5
Do you reuse plastic bottles at home?	Yes	Yes	Yes	Yes	Yes
Do you use plastic utensils at home?	No	No	No	No	No

Questions	Response 1	Response 2	Response 3	Response 4	Response 5
Do you dispose of candy wrappers or food packets on the streets?	NO	NO	NO	NO	NO
Do you reuse pickle/ jam jars at home?	Yes	Yes	Yes	Yes	Yes

Now that you have recorded the responses, write a paragraph on your findings.

You can start like this:

*All the five people said that they never throw plastic wrappers on the streets.  
Only two people segregate wastes at their houses ...*
