5. What are the guru's words of wisdom? When does ~~he~~ the disciple remember them?

Ans → The guru knew that the behaviour of fools is unpredictable. They could be in danger anytime. He decided to leave the kingdom at once. But the disciple did not realise the danger. He realised his mistake when the king ordered the execution without any ~~rest~~ reason.

6. How does the guru manage to save his disciple's life?

Ans → The ~~king~~ king ordered the execution of the rich merchant who was held guilty of murdering a thief. A new stake was made but the merchant was too thin to be executed. So he decided to find out some fat man to be executed. His guru made a plan. They started ~~a~~ fighting as to who

should be executed first. He told the king that the stake was the stake of the God of Justice. Whoever died first would be reborn as the king & whoever went next would be the future minister of the country. The king & the minister got executed willingly. Thus, the guru helped his disciple save his life.
