## Natural Resources

### Water

- 1) Water is a renewable resources,
- 2) In some parts like desert water is a non-renewable
- 3) Water is every thing for us.
- 4) We ~~oo~~ use it for bath, cleaning and in many ~~ore~~ things.
- 5) We should not waste water.
- 6) We should take how much water we need.
- 7) Electricity is ~~generated~~ <sup>Generated</sup> from water
