

## Exercise - 4(C)

5-ans- Number. of people saw a magic show on Saturday = 1,26,844

Number. of people saw a magic show on Sunday = 3,52,188

~~Total~~ Total number. of people who saw the magic show on these two days =

$$\begin{array}{r} 1,26,844 \\ + 3,52,188 \\ \hline 4,79,032 \end{array}$$

So, Total number. of people who saw the magic show on two days are: 4,79,032
