Dear ~~to~~ Diary

like always I was doing my online class and on 10 sep I was having my birthday. So on 9 sep my father told me that he will give me a surprise. I was not able to ~~sto~~ sleep at night only thinking about my surprise and the birthday decoration but other than my father no one gave me a gift and my father gave me a google home mini. I was very surprised about that and my day was ended with a bad morning. But ~~the~~ one thing is the cake.
