Chapter - 18

People who made difference

11/1/22

Q. How mother Teresa helped the poor people?

Ans. Mother Teresa founded the missionaries of Charity to help people who are dying of HIV, Leprosy and tuberculosis. She is a role model because she helped improve the lives of people. She believed the greatest sickness is being unwanted, unloved and uncared. She created rehabilitation for lepers, and rescued homeless people dying in the streets and gave them hospice shelter and love during their deaths. Mother Teresa was such a person who showed the true religion of humanity for this world.

Like Mother Teresa, we believe that true fulfillment comes not from material things but in helping others.
