

Ans total marks he got in English in  
an percentage

$$\frac{20}{25} \times 100 = 80\%$$

Total marks he got in Hindi in  
percentage:

$$\frac{31}{40} \times 100 = \frac{3100}{40} = 77.5$$

$$= 77.5\%$$

$$\begin{array}{r} 77.5 \\ 40 \overline{) 3100} \\ \underline{280} \phantom{0} \\ 300 \\ \underline{280} \\ 200 \\ \underline{200} \\ 0 \end{array}$$

Total marks He got in Maths is 81.25

$$\frac{65}{4} \times 100 = \frac{325}{1} = 81.25$$

His marks is best in Maths

Ans Both are equal

Ans class VI sold more tickets than class V.

Ans Percentage scored by Sachin

$$\frac{156}{400} \times 100 = \frac{156}{4} = 39\%$$

Percentage scored runs by the  
rest of the team =

$$100\% - 39\% = 61\%$$
