Who is a cowboy?

A cowboy is an animal herder who tends cattle on ranches in North America, traditionally on horseback.

1. The Historic American cowboy of the late 19th century arose from the vaquero traditions of Northern Mexico and became a figure of special significance.
2. In addition to ranch work, some cowboys work for or participate in ~~ranch~~ rodeos.
3. The cowboy has deep historic roots tracing back to Spain and the earliest European settlers of the Americas.
