

Pollution

Pollution is a process of adding harmful substances to the environment - air, ~~water~~ land and water. Today, pollution is the major problem. Air pollution is caused due to smoke from factories,

~~vehicles.~~ ~~water~~ pollution i Use of polythene caused land pollution. Water pollution is caused by adding the untreated ~~sewage~~ sewage to the water bodies.

~~Global~~ Global warming is caused due to ~~not checked,~~ pollution. If pollution is ~~caused~~ ~~due~~ ~~our~~

Earth will be in great threat. To reduce
pollution, we should plant more trees.
