In the poem 'tiger' it is said that tigers are been killed for their skin and bones to powder for some Chinese medicine. We should not kill tigers as their population is thinning and ~~and~~ ~~and~~ tigers help in balancing the herbivorous animal population, if the herbivorous population will be not balanced all plants will ~~be~~ ^{eaten} ~~ate~~ by them & human life will be difficult. Indirectly the hunters and themselves and other

human . So we should not kill tigers.
