

Write a paragraph in about 100 words on the topic 'Mango - the national fruit of India'.

Mango is certainly India's most ~~loved~~ loved fruit. It is our country's national fruit and people call it as the king of all fruits. Mango is my favourite fruit. The ~~para~~ reason I love mangoes so much is their lip-smacking flavour and crazy driving fragrance. In India there are over 100 mango varieties found. The size, colour and flavour of all of them are ~~at~~ different. I love the 'paneer' mangoes most of all these varieties. They're luscious and sweet.
