Dear Diary,

Today I want to share with you about beggars which I see on footpaths whenever I go to school. I feel very bad for them as they have to wear untidy clothes. They look very ugly and dirty. I feel really bad for him and I wish I could something for him but unfortunately, I cannot. Few beggars are having their boxes in front of them and they usually have some coins in those boxes. Few beggars are usually ~~poor~~ physically fit but they won't want to do work and some beggars are not able to do work. Ayush.
