

Q.1) Why is it useless to investigate Macavity?

Write a character sketch of Macavity in about 100 words.

Macavity is a mystery cat. He is the master criminal. He can defy and break any law. In the poem, poet references Macavity that he is a ginger coloured cat, hidden paw etc. Macavity is also references as devil. He can fly without any support. No one can catch Macavity, even police force also can't catch. He can do any impossible things. When police reaches the crime scene, it is too late, the criminal by that time is gone. Macavity is matchless in his field. He can disappear. He also break the law of gravity. Macavity is a tall and thin cat, his eyes are sunken. his head is round like a dome. When we think is sleeping, at that time he is not sleep, he was awake.
