Despite having such unique advantages, social media is considered to be one of the most harmful elements of society. If the use of social media is not monitored, it can lead to grave consequences.

It is harmful because it invades your privacy like never before. The over-lapping happening on social media makes children a target for predators and hackers. It also leads to ~~cyberbullying~~ cyberbullying which affects any person significantly.

Surely social media has both advantages and disadvantages. But, it all depends on the user at the end. The youth must create a balance between their academic performances, physical activities and social media. Excessive use of anything is harmful and the same thing applies to social media.
