Sam: Hey! Fancy running into you here!

Fazila: Hello, Sam! Have you also come here to work on our history assignment?

Sam: You're right! I am to yet pick a topic, though, what are you planning to write on?

Fazila: I have decided to focus on the Mayan civilisation.

Sam: That sounds exciting! Why did you select this particular topic?

Fazila: My mother gifted me an encyclopedia of world history for my birthday, and I was able to learn a lot about Mayan civilisation from it. For instance, the Mayans were one of the first people to use a symbol for zero. They also had a very complex writing system and loved to write.

Sam: That's fascinating! I'm curious about what they ~~at~~ wrote on.

Fazila: Sadly, much of their literature was destroyed during the Spanish conquest. There are very few translated samples available for people to read.

Sam: That's disheartening to hear. However I'm still looking forward to read your assignment once it is complete. I'm sure it will be very interesting.

Fazila: Thank you! I will let you know once I have finished writing.
