## India of My Dreams

1. The India of My dreams is the one where equality is seen on the ground and not just on the paper.
2. Corruption, communalism, polarisation and lack of education are some of the problems that India faces even in the 21<sup>st</sup> century.
3. ~~The~~ Corruption should not exist.
4. Equal rights for all.
5. No starvation, No Poverty.
6. Health & Education for all and to all.
7. India of my dreams should be militarily powerful.
