Dear diary,

It was one of my favourite day!!  
My mom had taken me to the Bali Jatra Mela.  
It was a excellent with so many imprassive  
things. Whe I was coming home joyfully I saw a  
beggan at the market place. I felt so bad  
for them and thought "If I gave money to them  
so they can visit the mela". Then I asked my  
mother for ₹20 and I gave to her. She put  
so many blessings on me and I felt so much  
happy. In our country India people are  
very diverse. I want beggars to explore all the  
happiness in their life. May god fulfill all their  
needs. I request all Indians to make our  
country to be the happiest country. The  
beggan don't have food to eat. So, we all

should help them. I wish I can help the beggar to give a shelter but I can't because I am a child. I want to open a house for beggar where all facilities are given. They should be treated with respect and we should give fresh food to them.

Well today everything was good and also very exciting! Hope tomorrow will also be a very exciting day. And from now I have a dream to make a shelter for them.

Good night .. 😊

Meet you next day.
