

## Banyan Tree

➤ Banyan tree is a national tree in many countries. Leaf of Banyan tree is large in size. Also the

➤ ~~leaves of Banyan~~ leaves are so glassy green. This tree is the national tree of India.

Banyan tree found more in India, Pakistan, Bangladesh. Its fruit is very small.

➤ That fruit is round in shape. Birds make their nest in this tree for more comfort.

Banyan tree provides shelter for travellers, from ~~sun~~ sun and rain. I like this type of tree.
