### "MY MOTHER"

Mother is a very special and important person for every child. In fact she is the most precious gift of God for anyone. A child can see the world only because of her. She is a friend, parent, guide, and teacher to her child. She takes care of the entire family and turns a house into a beautiful home. She brings up her children with utmost care, compassion and love. She illuminates our home with her presence and smile. The word Mother itself brings emotions to us and every child is very emotionally attached to their mother. My mother's name is Gita Rani Panda. She is the symbol of my love. I love my mother very much and she loves me very much.
