

The picture of a Eskimo.

1. Eskimos were the original inhabitants of Greenland.
2. They are mainly hunters and their main occupation is hunting and fishing.
3. The skin and fur of the animals are used to make clothes.
4. They used bows, harpoons and guns to hunt.
5. They were nomadic.
6. They used sledges pulled by dogs for transport.
7. They used boats called kayaks for fishing in the sea.

8. While roaming around, the eskimos used to live in temporary houses made of blocks of ice or wood or bricks called igloos.

9. In the summer the eskimos moved into leather tents.
