Q- what is black power?

Ans- The black power means the power given to the African Blacks of America. The black power movement started in 1966 in US and lasted till 1975. This movement was a kind of militant & anti-racist movement. To put an end to racism in US, the black even advocated

violence.

Q- How did the African American Athletes symbolised black power and black poverty, what are the two bases of social differences?

Ans- In the 1968 olympics held in Mexico city, two us African-American athletes named Tommie smith & John Carlos won gold & bronze medals respectively. During the medal ceremony, they stood with clenched fists raised and heads bowed when the national anthem was being played. They also wore black socks & no shoes to show the stark poverty among the black community. With this gesture, they tried to draw international attention to racial discrimination in the US.

→ social differences are based on two main factors : (i) on the basis of accident of Birth.

(ii) On the basis of our choices.

Q. Name the leader of civil rights movement in USA.

Ans. Martin Luther King.
