

### Gap Filling:-

1. The student (i) were talking as Miss Sarekar (ii) entered the classroom. Then a loud voice (iii) she said 'good morning' and (iv) glanced quickly around the room. All the children (v) watched her intently to find out what sort of a person she (vi) was "I suppose you (vii) want to know my name," she said. But (viii) before she could tell them, someone in the class yelled out, you are Miss Sarekar.

2. Spiders are one of the (a) most fascinating of creatures. Several hundred species are (b) found in India. They are quick to get (c) away when we came too close to them. They (d) often don't sting. Nor is their bite severe. In fact some ant bites hurt (e) more than a spider bite. Many of the spiders inhabit (f) our environment. The females of only two species are dangerous. In fact many of the deadly looking ones do not harm us.
