

My Hero

MY FATHER MY HERO

- My father is my hero and the best person in my life.
- He had struggled a lot to give us all the luxuries of life.
- Being a father is not easy, it comes with great responsibilities.
- My father has answer to all my questions and that too in a very easy and simple way.
- My dad believes in simple living and high thinking and also wants to instill it in us.
- My father is my best friend, with whom I share everything.
- My father is my hero and also a source of inspiration for me to become an individual like him.
