9:30pm

Dear Diary.

My joy knows no bound today. It is my birthday and I am really excited to know what all were going to happen from the morning to night. My day started with Mummy and Papa kissing my forehead ~~by~~ and wishing me happy birthday. Then you know what Papa gifted me a portable laptop. It is like a dream come true as I wanted to possess one for a long time. Now I would be able to browse necessary information that I could not find in library. I can't thank my Papa for this amazing and beautiful gift. He has never deprived us of anything in life.

Now I can communicate with people through email and even chat with my friends of whatsapp, instagram, telegram. I can even play games on my leisure time. Although it is a small object but holds the whole world. I hope I would be able to use it properly and efficiently.

Ok diary bye see you tomorrow,  
Good night
