

1) What was the impact of first world war on Germany? Who were November Criminals? What did they called so? What do you mean by armistice day?

Ans - Germany emerged from the first world war defeated and in political and economic turmoil. The economy was ruined and the Kaiser had fled the country. Various political parties, democratic and extremist fought for power.

The nickname "November Criminals" gives to the German politicians who negotiated and signed the armistice which ended world war one in November of 1918. The November Criminals were ~~so~~ named ~~so~~ by German political opponents who thought the German army had enough strength to continue and that surrendering was a betrayal or crime, that the German army had not actually lost at the battle front.

Armistice day is the anniversary of the

signing of the armistice that ended world war
