

## "A World without oil"

1. Without oil, our moving from one place to another would be very different from what we enjoy today.
2. Oil is used for nearly everything, for plastics, fuels, waxes, road surfaces and lubricants.
3. Without oil, you would use brush, not tooth without toothpaste, it has petroleum.

4. We would not be able to have tea, without coffee cups, pots and you wouldn't have any utensils.

5. As oil prices are keeping increase, many are looking to a future world without oil.
