

save the earth

EFFECTS OF EXCESSIVE WASTE

Waste material causes pollution

What you can do
Reduce waste

Waste causes poor living conditions

Buy less

Waste causes diseases

Use less

Conserve what you have

The environment is in danger

Reuse things

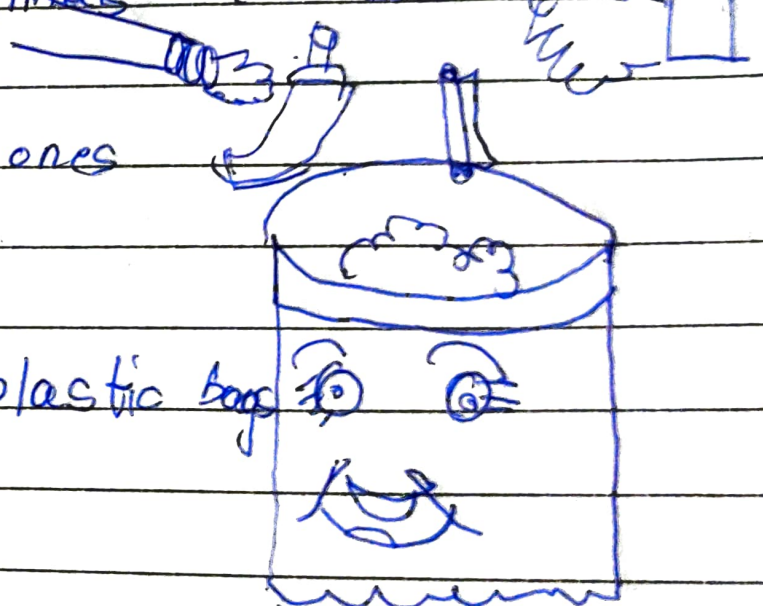

Animals and birds are affected

Use things more than ones
Share things

Repair and use

Use cloth bags instead of plastic bags

Recycle things

Separate different types of waste.

Recycle to get new thing out of the old
