1) It is useless to investigate Macavity. Because, in any case Macavity wouldn't be found in crime area and also he would have a-3 alibi which proves he's not involved on the case.

2) The phrase 'But, Macavity will not be there' is repeated the poet wants to tell us that it, may be any case even a murder, Macavity would have done that. But, he wouldn't be found there. But, he will be found sleeping or walking on the street.
