

Neha took 1 apple from basket A.

Now, there are equal number of apples in both the baskets. The symbol ($=$) means that the numbers on its either side are equal. e.g. $4 = 4$

Exercise

Put the sign ' $=$ ' or ' \neq '.

- | | | | | | | | | | | | |
|-----|----|--------|----|-----|----|--------|----|-----|----|--------|----|
| (a) | 12 | \neq | 17 | (c) | 57 | \neq | 51 | (e) | 64 | \neq | 44 |
| b) | 33 | $=$ | 33 | (d) | 70 | \neq | 80 | (f) | 92 | $=$ | 92 |
