

EXERCISE 16-C

5 Petrol required by Sohan Per day = 3.05 litre
 one month consist of 30 days
 Hence petrol used in a month = $3.05 \text{ lt} \times 30$

Total petrol consumed in 1 month = 91.5 lt
 Cost of 1 lt Petrol = Rs 67.90

\therefore Total money Spent on Petrol every month
 is $91.5 \text{ lt} \times 67.90 = \text{Rs } 6212.85$

6 Milk Require by the hotel every day = 165 lit
 one week consists of 7 days
 Hence Total milk Require Per week $165 \times 7 = 1155$

Total milk consumed in 1 week = 1,155 lt
 Cost of 1 lit milk = Rs 31.50
 Cost of 1,155 lt = $1,155 \times 31.50$

\therefore money spend by the hotel on milk
 Every week is = Rs 36382.50
