

## Chapter - 6

Greenland - The land of Ice & Snow.

Life style of Eskimos

They traditionally live a coastal life style, depending primarily on ocean resources ~~sea~~ such as salmon, halibut as well as rich land resources such as berries & land mammals.

They live in snow block houses called Igloos.

Their food habits are mainly hunted animals including birds, caribou, seals, bears and fish.

They wear clothes made up of animal skins & fur called parkas which protects them from ~~an~~ extreme cold.
