## Indian Village

- Life in the village area is peaceful and enjoyable, village area connected with natural beauty and they are simple. Villagers are hard working and their day starts earlier in morning.

Villages are clean than cities.

Life in Indian village is simple and

tough at the same time. In village

the to we will get the best availability

of seeds and fertilizers, and pesticides

in low cost. Villagers have a  
kind hearted connection with  
nature more than the cities. Village  
also provides water for irrigation  
and other farming activities. It also  
helps in maintaining the ecological  
balance as it's the place generally  
covered with greenery. It also  
provides shelter for domestic animals.
