4. With the unequal status of men and women. The girl child is usually given less importance and attention in terms of health care, food and education. Female infanticide and practices that are too harmful prevail not only in the rural villages but also in educated urban families.

5. Why does the law prohibit dowry & child marriage?
5A. Laws that prohibit dowry, the status and child marriages have helped to improve the status of women through a small way. If women care, they will be able to under stand and fight better upon their rights.

6. How does the Indian constitution prevent discrimination?

A. Fundamental rights that offers to all citizens those basic freedoms which alone can make life

was the treatment meted out to those who were considered the outcastes and treated as 'untouchable'.

- The oppressed castes are not allowed to enter temples and many common areas and many places, as their presence was considered 'polluting'.

3. What is meant by 'stereotype'? Give an example.

A stereotype is a generalisation or an assumption. People make about a person or groups of person on the basis of their identity. For example women are too weak to join in the army or boys don't cry.

4. Give two examples and show how girls and women are treated in fairly.

A. In equality takes on various forms like the unequal distribution of

3. The chief architect of the following India Constitution was. DR. B.R. Ambedkar

4. The constitution discourages diversity has granted fundamental rights to all india.

Ans the following

1. Explain the terms 'prejudice' and 'discrimination'.

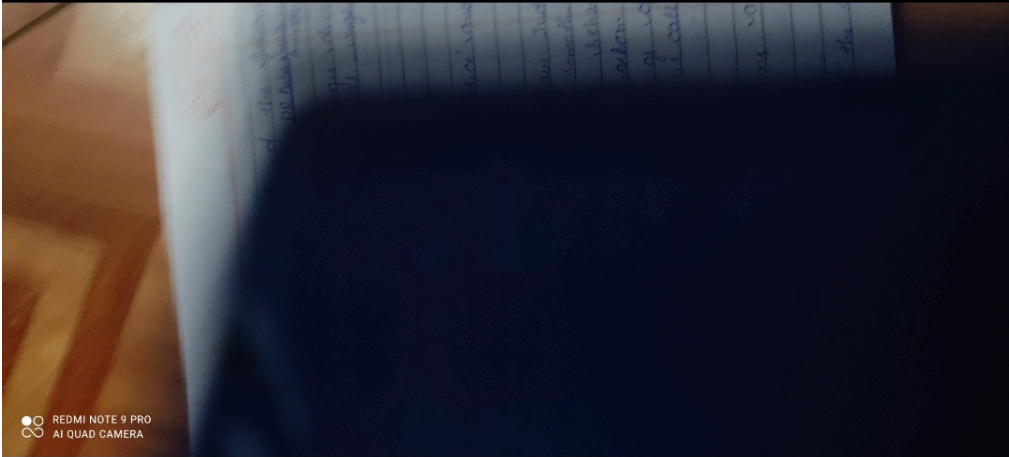

A **Prejudice**:- It is an unfair judgement about or attitude towards something that is not based on reason.

→ When express this feelings of prejudice in action. It is called **discrimination**.

2. Example how caste forms a basis for discrimination.

A. Most in human aspects of the system
