C11-14

Assessment

14.1

(1) The five examples of data you can collect from your day-to-day-life are:-

- \* No. of students in our class.
- \* No. of fans in our school.
- \* Electricity bills of our home for last two years.
- \* Literate rate of our area obtained from education society.

14.2

(1)

Blood group	No. of students
A	9
B	6
O	12
AB	3
Total	30

(2)

Distance (in km)	Tally mark	Frequency
0-5		5
5-10		11
10-15		11
15-20		9
20-25		1
25-30		1
30-35		2
Total		40

(31)	Relative humidity	Frequency
	84-86	1
	86-88	1
	88-90	2
	90-92	2
	92-94	7
	94-96	6
	96-98	7
	98-100	4
	Total	30

(ii) The data appears to be taken in the rainy season on the relative humidity is high.

(iii) Range =  $99.2 - 84.9 = 14.3$
