Tiger Poaching in India has seriously impacted the probability of survival of tigers in India:

India holds over half the world's tiger population.

The ~~gov~~ government of India has taken certain measures to protect the tigers.

Project tiger- The program was launched in 1973 by the government ~~the Governm~~ of India to protect the Bengal tigers from extinction.

National tiger conversation authority- It is a statutory body formed in 2005 under the ministry of environment, forests and climate change. The NTCA is responsible for implementing the "Project tiger" plan.

Valmiki tiger conversation Project- The wildlife trust of India in collaboration with the Bihar Forest Department initiated this project in 2003 to facilitate the recovery of the area as a possible tiger habitat.
