Dear Diary,

Today I want to share with you about a beggar which I saw on footpaths ~~where~~ ~~see~~ on the way to my school. I feel very bad for them as they have to wear untidy clothes. They look very ugly and dirty. I feel really bad for him and I wish I could something for him but unfortunately, I cannot. Few beggars are having these boxes in front of them and they usually have some coins in those boxes, few beggars are usually physically fit but they don't want to do work and few beggars are not able to do work.

My lovely ~~entry~~ diary, thank you for listening me.
