Paragraph - River Science

A river is a stream of water that flows through a channel on the surface of the ground. The passage where the river flows is called the river bed and the earth on each side is called a river bank. A river begins to flow is called the a river bank. A river ~~bank~~ begins on high ground or on hills or mountains and flows down from the high ground to the lower ground, because of gravity. A river begins as a small stream, and gets bigger the farther it flows.

Paragraph-diwali

Diwali is the season to celebrate with joy and cheer. It was the day when King Rama destroyed the evil forces and reached home to a rousing welcome by his subjects.

Diwali has long been associated with bursting crackers, which is not in the true spirits of the festival. The main motive of the festival is to spread happiness with your loved ones. Festivals have been made to reinforce strong bonds between families and friends, and diwali is the best example. Everyone goes home

fore diwali and celebrate it with their families.

It is a ^{national} ~~normal~~ holiday, so everyone enjoys

the festival without worrying about work.

It gets more exciting at night because

lots of sky-lanterns are released into the

air that flies high and lights up the night

sky. Diwali teaches us to be patient

for good things in life.

1 Underline the verbs in the following sentences

Write A, P and S for verbs that show actions, possession and status of being, respectively.

Poem

I am the earth

And the earth is me

Each blade of grass

Each honey tree,

Each bit of mud,

And stick and stone

Is blood and muscle

Skin and bone.

And just as I

Need every bit

of me to make

My

So

Grass

And

Nature

My body fit,
So Earth needs
Grass and stone tree
And things that grow here
Naturally.

That's why we
Celebrate this day.
That's why across
The world we say
As long as life
As dear, as free
I am the earth
And the earth is me.
