Dear Diary,

Today I am feeling very distraught and aggrieved. You know Diary,

Today I was all prepared for giving the English Exam. When I reached the school, I came to know that it was Social Science Exam.

I was freaked after listening to the news. I was feeling very nervous and anxious. For few seconds, I became unresponsive. I became blank for sometime. Then I thought that I have to give the Social Science exam by hook or by crook.

I was nervous and feeling frightening after getting the question paper. I ~~know~~ ~~knew~~ ~~answers~~ of few questions ~~with~~ and rest I ~~was~~ ~~paper~~. The questions were easy. I ~~had~~ ~~know~~ ~~knew~~ the answers of maximum questions. and for

The My exam was a diaphorous. I was unhappy

I Felt very angry on myself.
How can I be so irresponsible?
IF I had read Social Science
instead of English, then I must
be getting full marks in Exam?
I can't change the past. but
I will ~~try~~ to read hard
and I will score good Full
mark in the next exam. Ok
Diary, I am going to sleep with
a goal to score Full mark in the
next exam. Bye!
