My summer vacation

This year we have summer vacation

from second week of may to third

week of June in our school. Due to

the pandemic situation in the world

I couldn't enjoy as previously. still

I manage my vacation by visiting to

my village. My father gifted a guitar

on my birthday just vacation.

I enjoy a lot by practicing it.

Me and my sister played together

badminton, ludo, etc. I practiced

and learn to solve a rubik's cube.
As we could not went out side
my whole family watch tv and
deconate our house together.

This year I have a new experience
of Summer vaction.
