### Ex-5-A

#### Word problems

22-Ans Smallest 9-digit number = ~~1000000000~~  
 Greatest 8-digit number = ~~99999999~~  
 0999999910  
 00000001

Ans-1

23-Ans Amount Rosy had = ~~5400000~~  
 Amount used for buying a car = ~~250990~~  
 Money left = 41,49,010  
 39990

Ans- Money left with her is ₹41,49,010

24-Ans Population now = ~~8048994~~  
 Population 5 years ago = ~~4137108~~  
 Increase in population = 19,11,883  
 50 811

Ans- So the increase in population is 1,91,883

25 Ans. Total population of the town = 3,48,311

No. of woman = 1,25,387

No. of children = 95,384

Number of men total = (woman) + (children) + (Population) =

① ① ① ①①

3 4 8 3 1 1

1 2 5 3 8 7

± 9 5 3 8 4

5,69,082

∴ No. of men total in the town is 5,69,082
