

Force, work and energy

write some of the uses of solar energy.

solar energy is used today in a number ways:

- As heat for ~~m~~ making hot water, heating buildings and cooking.
- To generate electricity with solar cells or heat engines
- To take salt away from sea water
- To use sun rays ~~fro~~ for drying cloths and towels
- It is used by plants for the process of photosynthesis.
- To use in cooking (solar cookers)
