

Light: Reflection and Refraction

1.
 - i) Concave
 - ii) Convex
 - iii) Concave

2. Relative and Absolute.

3. Convex lens - converging lens.
thicker at centre and thinner at edges.
Concave lens - diverging lens.
thicker at edges and thinner at centre.

4.
 - i) virtual
 - ii) erect
 - iii) same size.

4.

Reflection through glass slab
