Dear Shradha Jale,

I hope you are doing good and also safe with your family. It's been one year or so we have not met yet. This covid is going on and on that we will remember it like ya when <sup>we</sup> were like 11 or 12 year old it happened. I don't want to make any excuses, but this time I didn't call you although I was free and had the probability to call you. Because I was doing all my homework of summer break and the stuff I need my mother is not letting me get it.

I was very busy to find some waste materials I can recycle. I guess you are disappointed with me but I next month onwards going to call when ~~we~~ I am free. And for my inaccuracy I am apologizing. I hope you are going to exonerate me for all this errors.

Your friend,

Rishree
