Necessity of Internet in the present situation are as follows.

From the Internet - we can clear our doubt and Information, we can get news and thought, We cannot go to school because the corona disease is there and the internet is helping to attend the class, we can chat with our friends with the help of internet.

We can do online payment with the help of internet.

Virtual meeting, training and online classes can be done through the internet.

We can watch movie, playing games, selling and making money with the help of internet sharing important documents, information through mail, whatsapp etc and many more. So, internet is a need of present situation.
