Dear Kaju

I hope you, your mom and dad are having well. It's been a long time since we last meet, isn't it?

Well the reason for writing this letter is to just inform about you a new book that came to our near by store which name is "your personality". and I read it. It is good book. I love this book.

And I will tell you the whole story when you will come to my house and you can give a letter to me that what you have done this weekend.

Your lovingly  
Ronak Prout ray
