

8) Both the numbers are same or equal

9) Total tickets sold in class V = $\frac{400}{344}$

No of tickets sold in class V = 344
tickets

Marks Percentage of marks of class

$$V = \frac{344}{400} \times 100 = \frac{344}{4} = 86\%$$

Total tickets in class VI = 600

No of tickets sold in class VI = 582

Percentage of tickets of class VI

$$= \frac{582}{600} \times 100 = \frac{582}{6} = 97\%$$

In class VI, the percentage is higher.

10) Total runs India scored in match
= 400

No. of runs Sachin Tendulkar
has scored in match = 156

Percentage of runs scored by

$$\text{sachin} = \frac{156}{400} \times 100 = \frac{156}{4} = 39\%$$

Percentage of runs scored by
rest of the team members.

$$= 400 - 156 = 244$$

$$\frac{244}{400} \times 100 = \frac{244}{4} = 61\%$$
