Write a paragraph on "How you have planned to spend your puja vacations".

Puja vacations are the longest vacations after the summer and winter holiday. Schools and colleges are closed for over a week.

Durga Puja is celebrated with great majesty and vigour at my home town. The important period of the Puja lasts for 4 days but throughout the month, people remain in festive spirits.

I start planning to spend vacation with my family, friends and relatives. We plan to visit the pandals of Goddess Durga decorated in different style ornamentation all over the

town. The food joints nearby these pandals were the main attraction, we also enjoy meta a lot.

It becomes very difficult to get back to the normal routine as the festive mood remains for a long time. It becomes very disheartening and painful to watch the pandals being taken down after the Durga Puja is over.
