Homework

My Mother

My mother's name is
Shyamudra Acharya.
She is a very sweet and
loving person. When
I do any mistakes she
sets me right by being
a little strict. I love
my mom very much
and respect her and
she also loves me. Me,
my father and mother
are the person living
in our house and
we are getting a new
member to our family
which is a dog and
mom is not a big
fan of dogs but I like
them so much, that is
why mom is allowing me
to bring one. I love my

mother very much
