

1) What do you mean by nervous coordination?

2) Define reflex action and reflex arc.

### Answers

1) The coordination that is made by nervous coordination. ~~It~~ It consists of the brain, nerves and sense organ.

2) ~~Reflex action~~ Reflex action → Is the quick, immediate and automatic response to a stimulus without the involvement of the brain.

Reflex arc → The shortest pathway of the nerve impulse from a receptor to the effector to the ~~of~~ which makes a reflex action possible is called a reflex arc.
